VENDAVAL · BRASS BAND WITH CIRCUS

Technical Rider

Updated
September 26, 2026

STREET	ALL AGES	60’	0
DAY OR NIGHT		DIFFERENT SHOWINGS POSSIBLE	TECHNICIANS NEEDED

1 STAGE ELEMENTS

The company brings all the stage material for the show:

STILTS · UNICYCLE · JUGGLING · MUSICAL INSTRUMENTS · PROPS FOR GAMES · MAKE-UP · COSTUMES

2 SOUND

STREET PARADE

Acoustic, without amplification.

AT A PLAZA

If the organization has speakers, the company can bring its own wireless microphones and a wireless mixing desk (XR18).

3 LIGHTING

The company adapts to the existing street lighting — no additional lighting setup is needed.

4 Build-up and Take-down

BUILDING UP — ON THE DAY OF THE SHOW

Total duration approx. 2 hours · H = start of the show

- **Unloading** 10'
- **Set-up** 20'
- **Rehearsal** (soundcheck) 30'
- **Make-up and costumes** 60'

TAKING DOWN — ON THE DAY OF THE SHOW

Total duration approx. 1 hour

- **Strike** 20'
- **Collecting costumes** 30'
- **Loading** 10'

H+1:00 — Everything packed

5 RAIN

In case of rain, the musical instruments cannot be played in the street. In this case the show can wait until the rain stops and play later, or on another day. **A wet street does not prevent the parade.** As an alternative, the show can be performed in a large hall with a minimum ceiling height of 5m.

Logistics & Accessibility

6 LOGISTICS

PARKING

The company needs space for 2 vehicles.

BACKSTAGE

The organization provides a space for 8 people with tables for make-up and changing clothes. Mirrors and lamps can be brought by the company.

CATERING

- 2 vegetarian (may contain fish, eggs and dairy)
- 6 with no specific dietary needs

7 ACCESSIBILITY

If the host venue has its own accessibility equipment, the company can work with it to adapt the show for people with functional diversity. The company's artistic direction has taken part in training with deaf, blind, autistic and wheelchair-using people. Possible adaptations:

Always possible

Tactile tour

- After make-up and costumes are on.
- 1 hour before the show.
- In a space free of outside noise.

If the equipment is available

Vibrating backpacks, audio description, assistive listening

Possible with amplification (see point 2).

If the equipment is available

Sign language interpretation

The show is not dialogue-based, but interpretation can help communication during the interactive games.
